

B.Tech / M.Tech Project Documentation - Guidelines

Thesis Size

1. Real-time Mini Project:

A mini project thesis should be preferably **not exceeding 70 Papers** (*Minimum: 30 Pages*) including main pages.

- **A4** (210mm x 297mm) un-ruled paper shall be used.
- The thesis shall be **printed on one side of the paper only**.

2. Industry Oriented Mini Project:

A mini project thesis should be preferably **not exceeding 70 Papers** (*Minimum: 50 Pages*) including main pages.

- **A4** (210mm x 297mm) un-ruled **Executive bond paper** (75 or 85gsm) shall be used.
- The thesis shall be **printed on one side of the paper only**.

3. Major Project (Project Stage –II):

A major project thesis should be preferably **not exceeding 90 Papers** (*Minimum: 60 Pages*) including main pages.

- **A4** (210mm x 297mm) un-ruled **Executive bond paper** (75 or 85gsm) shall be used.
- The thesis shall be **printed on one side of the paper only**.

Binding:

1. **Spiral Binding** for **Real-time Project Report** (*First page transparent/OHP sheet*).
2. **Thermal Binding** for **Industry Oriented Mini Project Report** (*White colour, First page transparent/OHP sheet*).
3. **Book Binding** for **Major Project Report** (*Black Colour*)

No. of copies: (2 copies + Student Copy)

1. Central Library – 1 copy
2. Department Library / Supervisor – 1 copy
3. Student copy

Format for the Thesis Preparation:

❖ Font

1. The **font type** shall be **Times New Roman** or use fonts that look similar.
2. The **font size** for the **regular text** in the thesis shall be **12 point**.

3. The **font size for chapter headings** shall be **14 point and bold print and all uppercase**.
4. The **font size for section headings** shall be **12 point and bold print and all uppercase**.
5. The **font size for subsection headings** shall be **12 point and bold print and sentence case**.

❖ **Line Spacing**

1. **Spacing between the lines** shall be **1.5**.
2. The **space between consecutive paragraphs** shall be **2.0 (Double)**.
3. All paragraphs in the thesis must be left justified.
4. **Double space** shall be **given between Chapter title and first sentence of a Chapter, and Last line of a section / sub-section and the title of the next section / sub-section**.
5. Use **single space** between the **title of the table/figure** and the **table/figure**.
6. Use **two spaces** between the **table / caption of the figure** and the **next paragraph**.

❖ **Margins**

1. A **margin of 3.75 cm (1½ inch)** is to be given on the **binding edge** while on the **other side's (top, bottom, and right sides)** it is to be **2.5 cm (1 inch)**.

❖ **Tables, Figures and Equations**

1. Tables, figures and equations should be numbered sequentially Chapter-wise using Arabic numerals. They are referred to in the body of the text capitalizing the first letter of the word and number, as for instance Table 5.3, Figure 3.11, Equation (4.16) and it should be centered.

❖ **Page Numbering**

1. **Page numbers** for the **preface/acknowledgements** materials of the thesis shall be in **small Roman numerals** and should be **centered at the bottom of the pages**.
2. **Page numbers** for the **body of the thesis** should be in **Arabic numerals** and should be **centered at the bottom** of the pages. The **pagination** should **start with the first page of Chapter 1** and should continue throughout the text (including tables, figures).

CONTENTS

a. Title page (mandatory)	...without page number
b. Certificate (mandatory)	...without page number (<i>lower case Roman numeral no.ii</i>)
c. Acknowledgements (optional)	...with page number (<i>lower case Roman numeral no.iii</i>)
d. Table of contents (mandatory)	...with page number (... numbering to continue)
e. List of tables, list of figures (mandatory)	...with page number (... numbering to continue)
f. List of abbreviations	...with page numbers (... numbering to continue)
g. Abstract of the thesis	...with page numbers (... numbering to continue)

Chapter 1: Introduction

1.1 Section

1.1. 1

1.1.2

1.2 Section

1.3 Section

Chapter 2: Literature Review

2.1Section

2.2

Chapter 3: Project Description/Methodology

3.1 Section (Block diagram, Algorithms, flowcharts and its description)

Chapter 4: Results and Discussion

Chapter 5: Conclusion and Future Scope
